The family is an important institution that plays a central role in the lives of most Indians. As a collectivistic society, Indians often emphasise loyalty and interdependence. The interests of the family usually take priority over those of the individual, and decisions affecting one's personal life - such as marriage and career paths - are generally made in consultation with one's family.

In many regions of the world, rights guaranteed under the civil law, including rights to gender equality within marriage and rights in the distribution of family property and child custody upon divorce, are in conflict with the principles of religious law. Women's rights issues are often at the heart of these tensions, which present pressing challenges for theorists, lawyers, and ...

Statistics describing the country's linguistic, religious and ethnic demographics are based on its most recent national census. However, if these statistics are out-dated, unavailable, unreliable, or the country's statistical department does not formally gather information on the categories listed, the Cultural Atlas substitutes the most recent global estimates cited in the CIA World Factbook.
