House Call: How can women manage gestational diabetes? Part 1

A house call is medical consultation performed by a doctor or other healthcare professionals visiting the home of a patient or client, instead of the patient visiting the doctor's clinic or hospital. In some locations, families used to pay dues to a particular practice to underwrite house calls.

House call - Wikipedia

House calls make a difference. There is now an effort to pass the Independence at Home Act (S.464) into law. It is estimated the program could save \$10 to \$15 billion over 10 years when applied to the Medicare population at large. There has yet to be a vote on the issue. Reach out to Congress to support house calls for Medicare beneficiaries.

Medicare Brings Back the House Call - Verywell Health

"The medical house calls service is amazing. We used the service at least three times due to convenience. It is easier than conventional urgent care and less expensive than most regular doctors visits. The visit usually lasts about 30 minutes and the doctor is very calm and attentive. We will definitely use the service again.
